Compliance and Security
Tools to reduce compliance costs

Compliance Today

In today's increasingly-strict regulatory environment, organizations of all types and sizes have turned to technology to help ensure compliance. While technology doesn't automatically make your organization compliant, a reliable, easy-to-use system to store, share and protect your funds' records can help you simplify and reduce the costs of compliance.

Retention Cycles Made Easy

Automate life cycles of documents and run reports to locate where records are in that cycle using Laserfiche® Records Management Edition which boasts Department of Defense 5015.2-certified records management.

Audit Capabilities

Safeguard documents with comprehensive security and monitor document access with TERRA Fingerprint and Laserfiche Audit Trail functionality.

Prepare for audits by quickly and easily producing records on demand, reducing auditor costs.

- **Enforce enterprise-wide records policies**
- **Log all system activity, providing an audit trail that can be used to prove adherence regulation compliance**
- **Support compliance with Sarbanes-Oxley, HIPAA, USA PATRIOT Act, SEC, FINRA and other regulations**

Our services cover many areas and we rely on the fact that we can find the right solutions for installations, integrating systems and peripherals, training, and creating unique customizations. Please contact us for more information and client references.
